21st CENTURY PROJECT CREATE

Available for students entering seventh and eighth grade for the 2021-2022 school year. Project CREATE seeks to promote and increase student academic achievement, increase positive youth development, and increase family empowerment. Students will participate in reading, math, science, art, fitness, fun and games during the month long camp. For more information contact Director Tammy Pierce at 918-646-9773.

PROJECT CREATE seeks to promote and increase student academic achievement, increase positive youth development, and increase family empowerment. Students will participate in reading, math, science, art, fitness, fun and games during the month long camp. For more information contact Director Tammy Pierce at 918-646-9773.

WEEKLY THEMES

- Blasting off into Learning
- Creativity: Making
- Beauty by Design
- Reading: Native Land History
- Innovative Thinking
- Life Below Sea Level
- Going Green
- Patterns, Predictions, White & Blue
- Learning is a Wild Adventure

K-5TH

Teachers will use the Wonders Reading Series and the Leveled Benchmark Literacy Stations. Advanced students will be taught using the advanced readers to build upon advanced vocabulary, comprehension, and fluency skills. Teachers will utilize the STAR MATH Assessment and part of Envisions Math, to focus on delays that students may be exhibiting on those skills. Small groups will be utilized with stations built in for reinforcing math through manipulatives and the online pace. Benchmarks from March/April will be used to guide instruction. Teachers will use Alpha Plus data to identify student areas of need and plan for instructional delivery.

6TH-9TH

Alpha Plus Reading and Math will be used to support individual reading and math skills. Benchmarks from March/April will be used to guide instruction at the beginning of summer camp through the use of Star Reading and Math and Stanford 10 to meet Reading and Math Act requirements.

9TH-12TH

College Prep Credit Recovery will be used for those students who are missing credits. ACT College Prep Class for students wanting to attend Roughers RISE but are not in need of remediation will enroll in ACT prep classes that focus on Math and ELA strategies.

CAMP BENNETT

Opened in 1975, Camp Bennett provides a recreational summer day camp experience for children, youth, and adults with intellectual and/or physical disabilities. Each summer, adult and student campers participate in four types of activities: arts and crafts, science and nature activities, outdoor recreation, and music and movement. Programs are designed to incorporate both educational and physical components. Student campers are selected through the individualized education program at Muskogee Public Schools. Camps will be held four days a week.

SUMMER PRIDE

A multifaceted program designed to develop students mentally, physically, and nutritionally. Summer Pride is available for Muskogee Students enrolled in grades 8th-12th. Summer Pride is not mandatory for Muskogee students and has no bearing on a student’s ability to participate in athletics during the school year. Health & Well-Being Instructors are in charge of strength, conditioning, and skill development for their sport from 7-6 for high school and 1-3 for junior high. Character-based education and academics will be incorporated into their daily experiences.

ACT Prep Courses

Math - 90 minutes
ELA - 90 minutes
11:30 - 12:30: Lunch and Recess
12:30 - 3:00: Field Trips and Activities
